CONTACT

Mr Lee Hart

General Manager

The purpose of this years visit was to assess all areas of The Dundas Arms and I can confirm the continuation of a Four Star Rating with an INN Designator, and following the refurbishment last year and increased levels of quality throughout the establishment we can now recognise The Dundas Arms with our Silver Star Award. Bedrooms are of a high quality throughout, those in the main Pub were completely refurbished last year to a high spec and style and have been well maintained. The river view rooms were refreshed and still are of a high quality. Housekeeping standards were strong, all areas of the bedroom and bathroom were clean to a high level on arrival and good attention to detail applied throughout all public areas. Hospitality and service also performed well, good interaction on both arrival and departure and attentive service at dinner with just a few details recommended to enhance further. Dinner was slightly mixed, the menu offers a good range of both pub classics and some more 'restaurant' styled dishes meeting all customer needs however accuracy in areas could be refined. An enjoyable return visit and Mr Hart is thanked for his time.

Your Star Rating

How the Star Rating is Achieved

Your star rating is reached by assessment of three elements:

- Overall Quality
- Critical Areas (the five Critical Areas of Quality, which are of particular importance - Cleanliness, Hospitality, Bedrooms, Bathrooms and Breakfast
- Your provision of Services & Facilities. You must provide all the services and facilities for Guest Accommodation minimum entry (All Star Ratings) these are all listed in the Quality Standards booklet. All three elements must be met to achieve a rating.

OVERALL QUALITY	CRITICAL AREAS	SERVICES & FACILITIES	FINAL STAR RATING
4	4	4	4

Overall Quality

How the Overall Quality Rating is Achieved

The minimum overall quality score for your target star rating must be met. We assess 46 aspects of your property (under nine area headings) and score each aspect from 1 to 5 (1 being acceptable; 5 being excellent).

1 STAR	2 STAR	3 STAR	4 STAR	5 STAR
30% - 46%	47% - 54%	55% - 69%	70% - 84%	85%+

Additionally, five of the "Assessment Areas" are considered "Critical" and the most significant in terms of guest expectation. These are Cleanliness, Hospitality, Bedrooms, Bathrooms and Food. All of the five Critical Areas must reach the standard required for your Star rating and must fall into the relevant band for your target star rating.

Quality Assessment Details

Hospitality

Good levels of hospitality throughout the visit, staff in the bar and restaurant during both the arrival and evening were polite, engaged well and provided good interaction throughout the overnight stay.

Service

Efficient arrival process in place with guest details established and a rooming process in place, all room amenities explained and meal times also. Dinner ran smoothly, good interaction throughout the meal though some product knowledge could be improved though appreciate some new team members in place. Breakfast was also prompt, order of cooked and beverages taken in good time though could offer toast. Prompt departure, billing explained.

Cleanliness

Housekeeping standards remain strong, all areas in room Mallard were notably clean on arrival, case goods well polished, linen and towels notably clean and all of the carpet well vacuumed. Good to see tiles and fixtures also cleaned to an excellent level in the bathroom with no lapses to note. Public areas were clean and tidy throughout the stay.

Food

Dinner was slightly mixed, the menu read well though starter and dessert could be improved however main course was enjoyable and well presented. Breakfast offered a good range on the buffet with ample continental choice, the cooked breakfast items were all freshly prepared though quality of sausages was not very good and could be improved. Toast should be offered on arrival with hot beverages.

Bedroom

Bedrooms in the main pub had a complete refurbishment last year and are slightly more bold in their style and have good appeal. Mallard occupied was refreshed and still is of a good quality with decor in sound condition and all case goods well maintained. The bed offered good levels of comfort and good to see linen well laundered and crease free offering a sharp first impression. Good wifi & TV in place, well stocked beverage trays also provided.

Bathroom

Bathrooms are of a good quality throughout, all tiles were floor to ceiling and appeared in sound condition, as did grouting and sealants. Water pressure was very good though the shower fixture albeit new needs fixing as was loose so moved when in use. High quality towels and toiletries in use.

Public Areas

Public areas offer a much better first impression also since the refurbishment, the main entrance is smart in the rich blues and glass frontage, bar is also well laid out and corridors appeared clean and well lit around all areas.

Exterior

External areas offer a good first impression, there is plenty of parking available on site and good signage in place. Gardens and outdoor seating areas are very well maintained and very popular with guests, great condition and in full bloom for the summer season.

Dining

The restaurant areas are well presented following the refurbishment last year, the new tiled flooring in the lower level is of a much higher quality, all tables are well configured and with the glass doors leading onto the alfresco dining area helps link the two spaces together.

Food Quality

STARTER

Crayfish, cold water prawn and avocado cocktail, marie rose dressing, toasted sourdough.

Good flavour from the moist crayfish though slightly over portioned from the marie sauce, good prawn but perhaps more than one could be served. Ok dish but could work on the presentation further.

MAIN COURSE

New Season Rump of Lamb, aubergiene caponata, molasses dressing , jersey royals.

The best dish from the meal, the lamb was perfectly cooked and well portioned, still pink throughout and very tender. Good summer accompaniments with the freshness from the caponata. Jersey royals nicely timed and good flavour from the jus. A well presented and appealing dish.

DESSERT

Chocolate Brownie, Chocolate Sauce, Vanilla Ice Cream.

Good flavour from the brownie however had somewhat collapsed where reheated, well portioned sauce and good quality ice cream. Good classic dish but could be refined for presentation and accuracy.

 - Double 8.4sq.m (90sq.ft)

 - If there are any guest bedrooms without washbasins, there should be a hand washbasin in the WC.
 - Additionally, where the maximum number of guests resident within an establishment, including proprietors, is no more than six, it is acceptable that facilities are shared between guests and proprietors. However this will limit the achievable rating to Two Star.
 - Where a shared arrangement exists, proprietors and their family should avoid prolonged use of the bathroom during the early to mid-morning period. They should also remove their personal belongings from the bathroom.
-

En-suite

Meet

- An en suite facility consists of a bath or shower, WC and washbasin in a separate room, connected to a bedroom and entered directly from it.
 - The WC must always be in its own properly ventilated room. If the shower cubicle is situated in the bedroom then additional ventilation should be added to take account of this.
 - It is acceptable for the washbasin and shower to be in the bedroom, as long as the WC is contained within a room of its own, within the bedroom. Accommodation with shower cubicles sited in the bedrooms are unlikely to achieve a high quality rating.
 - If the bath or shower cubicle is located in the bedroom, guests must be told when they book. This should not be described as en suite facilities.
 - To achieve a Four Star Rating, you will need to provide at least 50% of bedrooms with an en suite or a private bath/shower facility.
